

Amsco's
Preparing for the ACT: English, Reading & Writing

©2011 by Robert D. Postman

Price: \$16.00* **Format:** paperback, 400 pp.

Watch Your Students Rise to the Challenge!

Aiming for high achievement, this book side-steps tricks and gimmicks, teaching students the strategies and skills they need to be successful in the English language arts classroom and beyond with their college-level reading and writing.

This comprehensive book features:

- Thorough **instruction** on all ACT English and Reading topics.
 - A **detailed writing review** that shows students how to use the steps of the writing process to complete the timed writing task.
 - An **Introduction** that answers general questions about the test, scoring, and score reports.
 - An **English Topic Inventory** showing students exactly which skills are tested.
 - A personalized **Study Chart** directing students to the topics they need to review.
 - Three full-length **Model English and Reading Tests**, two practice **Writing Tests**, and **diagnostic tests** for each subject area.
- **ACT English subtests**, which correspond to ACT score reports, and enable targeted teaching and review.
 - **Answer explanations** for all items in practice exercises, subtests, diagnostic tests, and practice tests.

The only book you need to prepare students for the English, Reading, and Writing sections of the ACT exam!
